

Product Data Sheet

Surfaclean

General Description:

Surfaclean is a concentrated industrial rust remover and steel cleaner

Technical Information

Physical Form : Highly concentrated clear liquid

Technical Description : Consists of surfactants and acids

Thinning : With water 1:1 for extreme rusted areas, 1:3 for lightly rusted areas, 1:5 for new steel and ornaments.

Recommended Application:

Use Surfaclean with a steel wool or a hard brush. Leave on surface for a maximum of 30 minutes, depending on day temperatures. Rinse with clean water and wait to dry before applying base coat. For copper and brass use a dishwashing liquid sponge to prevent scratching. Clean up with clean water.

Precaution Measures:

Use PVC gloves when using Surfaclean to protect skin. Wash hands with water after using product. Keep out of reach of children.

Health and safety advice:

This product is nonflammable. Avoid contact with eyes and mouth. If body contact is made rinse off immediately with water.
